

## Inclement Weather Information:

All school closings are posted on WMUR. WMUR is the official place to find out if St. Joseph School of Nursing is open or closed during inclement weather. WMUR can be accessed via television on Channel 9, via the internet at WMUR.com, or you can download a WMUR app on your smart phone or tablet.

Please note, on the TV the school may be listed as closed, however, if you look on the website or on the app, you can click on the St. Joseph name and additional information will show such as 2-hour delay or morning classes cancelled. Also note, as weather conditions change, the status of the school may change. Please check WMUR periodically if we are experiencing bad weather. For example: morning classes may be cancelled as of 5AM but if travel conditions continue to be bad, the status might change to being closed all day.

### Definitions:

*2-hour delay:* the school is officially closed until 10am and day-time clinicals are cancelled

*Morning classes cancelled:* the school is officially closed until 12 noon and day-time clinicals are cancelled.

*School is cancelled or closed:* the school is officially closed all day

*Afternoon classes cancelled:* the school is officially closed as of 12 noon. All classes scheduled to start at noon or later are cancelled, all evening clinicals are cancelled.

*Evening classes are cancelled:* the school is closed as of 5pm. All classes scheduled to start after 5pm are cancelled.
